The wires of the company had already been completed on the line of this road as far as Altamont, and will be opened for business in a very few days to East St. Louis.

Death of Charlotte Crampton.—The curtain has been rung down for the last time, the death scene is over, and one of America's great actresses is no more.

The last scene of this mournful drama, this dismal closing of a once promising career of a once beautiful woman, was St. Joseph's Infirmary, Louisville, the city of her birth. Charlotte Crampton was at one time a great actress, and at all times a good one, and no woman has ever started upon the stage with more flattering promises for the future than she did. But, step by step, did a misstep undermine both constitution and ambition until nothing was left but the faint traces of what once was, and she died almost in the prime of life, "a leading old woman" merely, when she might have lived the glory of our stage. On her monument let there be placed the universal epitaph, "Requiescat in pace."

The alarm of fire about 1 o'clock to-day was caused by the burning of the roof of a two-story frame tenement-house on Bremen street, in the rear of Wolf's bakery, belonging to Fritz Bowers, and occupied by two families—J. Hartman and a widow named "her man" whose household goods were almost entirely destroyed by water, while the damage by fire to the building will not exceed \$100.

NATTIE FITZGERALD yesterday was discharged from the Work-house, and to celebrate the event imbibed an immense amount of "Jersey lightning." She moreover became troubled with the idea that another woman had taken away from her "her man" who was at Morgan's. Nattie therefore secured a knife, and wanted to take away her rival's life. In the Police Court this morning she was taken away to her old home for thirty days.

Crowley, of New Hampshire. All were unanimously chosen.

A telegram was directed to be sent to Right Rev. John Ireland, St. Paul, Minn., former President of the Council of the Union, congratulating him on his elevation to the Bishopric. Resolutions were adopted, thanking His Grace Archbishop Purcell, of Cincinnati, for his kind and hospitable manner with which he treated the convention and the delegates. Also resolutions of thanks to Rev. J. B. Callahan, of Cincinnati, for his kindness and courtesy to the delegates and conveners, and to the societies of Cincinnati and others who participated in the procession of the 8th instant. The next convention will be held July 4th, 1876, in the city of Philadelphia.

Auditor Humphreys and the Tax Levy.—The American Israelite of to-day has an interesting interview with Auditor Humphreys on the Cincinnati tax levy, as given by a home correspondent of that paper. He says:

The City Council of Cincinnati, a few weeks ago, certified to the Auditor two ordinances, one for sixteen and the other for four mills, ordering the same to be placed upon the duplicate for corporation purposes. The Auditor declined placing this aggregate levy of twenty mills upon the duplicate, for the reason that it is in direct violation of the state law of the State, as will appear by the following:

In volume 66, of the Laws of Ohio, section 645, we read as follows: "The aggregate of all taxes levied or ordered by any corporation, including the levy for general purposes, over and above the tax for County and School purposes, and excluding the tax for schools and school-house purposes, shall not exceed in any one year, in cities of the first class, having a population of one hundred and thousand inhabitants, and more, sixteen mills."

Herein consists the essence of the Auditor's refusal to place said levy of twenty mills upon the duplicate, because it is in direct violation of the provisions of the law just quoted, which has never been repealed, but is still in full force and effect. That there should be a limit placed on the aggregate of taxes levied for corporation purposes, is a fair and reasonable one, and it is fair to suppose that they could levy tax-payers of a city to any extent they saw proper.

Humphreys, the Council sent two ordinances, one for sixteen mills and the other for four mills, why don't you accept the one for four mills and reject the one for sixteen, and reject the one for sixteen, and reject the one for four?

"Simply because the law does not give me authority to select between two levies. It is a matter of the components of a levy. You can readily see, that if I had any such authority, it would make me a judge, or, if you please, an autocrat; whereas the law makes the Auditor a ministerial officer solely. It is made the duty of Council to order a levy that is within the statute limitations, and if they go beyond that limit, as in this case, it is for them to select which levy shall be placed upon the duplicate."

I told the Auditor that many friends of the Southern Railroad were circulating the report that he was not specific to that effect, and he said with much feeling "I am a warm friend to the Southern Railroad, and I fully recognize the fact that providing about a mile of track for the interest on its bonds shall be met. While recognizing this fact, I am yet unwilling that the law should be violated in any particular, at least so far as I am concerned. I recollect that I am amenable to the laws just as any private citizen is, and I feel that I would be a proper subject for impeachment, and removal from office, indeed, that I would be violating my official oath as Auditor, if I consented to have placed upon the duplicate any tax levy that exceeded the limitations fixed by law."

Pool Selling to-day.—Pool selling on the races to-day, was lively this morning. The unfinished race of yesterday was especially the subject of speculation among turfmen. At the Gibson House the Association pools were sold as usual by Major Barker.

In the unfinished race of yesterday, the 2:25 class, John W. Hall sold at \$20 and the field at \$21, there being no second choice.

In the 2:35 class Dr. Rush brought \$21, and Gray Bash brought \$20, while the field sold for \$18.

In the 2:45 class Observer was largely the favorite, selling at high as \$20. Mollie Morris brought \$19, and the field \$18.

In the hurdle race 1900, Leonard brought \$20 and the field \$15.

Outside the selling was brisk. Tanner Boy brought \$21 in the half-mile race, John W. Hall \$20, and Kate Campbell \$10.

For the 2:35 race Bradshaw brought \$21, Lizzie Davis \$15, Dr. Rush \$14, while the field went for \$14.

In the 2:25 class Observer brought \$21, Mollie Morris \$19, Tom Young \$18, and the field \$12.

In the hurdle race Leonard was the favorite, selling at \$22. The field brought \$15.

TURF TALK.

Something Lively at Chester Park Races.—The crowd to-day is unusually large, the races increasing in popularity with each day's proceedings. The audiences are largely composed of the better classes of our citizens. The professional rowdies and bummers that usually infest a race-course, tending to bring the turf into bad repute, are notably few in numbers.

The grand stand is literally swarmed with our beaux and belles, and handsome companies of every description through the infield. The betting is carried on quietly, but large sums of money are being placed on the favorites. The Cincinnati Orchestra is again on the grounds, and their beautiful selections of music is one of the features of the day.

The entries for to-day are given elsewhere.

THE UNFINISHED RACE OF YESTERDAY.—The great race between Tanner Boy, Hall and Kate Campbell, that was postponed from yesterday, was started promptly at 1 o'clock. Hall was at the post to start, several starts the horses got away nicely, with Campbell in the lead. Hall soon grappled with her, Tanner Boy at his heels. Kate was soon lost in the rear, the heat being evidently Hall's. They came in in the following order: Hall first, Tanner Boy second, with Campbell a good third. Time—2:25.

The track was in good condition, and the horses all showed a good gait. Hall
